

# Behaviour OR Technology (can be both)

## Energy | water

### Electricity, heating and cooling

Energy  
efficient  
stuff

lights  
off  
habits

Measure  
building  
energy use  
+ compare  
against targets

Intentional  
heating  
habits

### Transport and treatment

Wasting water -  
How we  
dirty our  
water!

Water usage -  
Energy consumption  
→ Beh. change.  
→ Keep track  
of usage  
→ Make recommendations

Water  
Transport and  
Treatment  
→ Tap water  
testing - Quality  
→ Tour to a plant

### Community Resources

# Projects & Supports

Waste | Food | Transp.

## Transport and decomposition

## Transport and production

## Burning fuel

- Waste upcycling
  - clothes exchange app
  - Thrift clothes idea
  - Compost Re-gifting
  - Recycling Waste-free lunch program
  - Toy repair/clothing repair Community lunch box
- Waste upcycling
  - sewing clothes
  - fixing
  - sale - games - clothes
  - Present Land Recovery and
- Compost
  - checking Garbage
  - Fruit scraps
- Recycling
  - Visit across
  - Survey - Audit
  - Educate
  - audit

- Conserve our food (over processing)
- Buying food less packaging
- In Season food
- Processed food/Impact
- Meat

- Bike Co-op.
  - Teach how to repair + winterize bikes
- Create bike groups who pick up + bike to school together
- bike maps
- teach how to bike + bike safety (New Canadians low SES)
- teach health benefits of lifelong active lifestyle
