(can be both)

Projects & Supports

Network: Brightwater Guest
Password: Brightwater

Energy

Electricity,
heating and cooling

Energy efficient stuff
lights off habits
Measure building energy use + compare against targets

Intentional heating habits

Community Resources

- Stoon light & power
- SES - Angie mark
- Smarter Science Better Buildings

Water

Transport and treatment

Meeting water how we dirty our water!
Water usage - Energy change -> Beh. change -> Keep track of usage -> Make recommendations

Water Transport and Treatment
Tap water quality - Quality -> how to a point

Meewasin

- yellow fish Road + ISS
- CofS wastewater Treatment plant (tour)
- SDWF
- SAN (Caring for our watersheds)
- Smart Util

Waste

Transport and decomposition

Waste disposal
Compost
Recycling
Landfill
Recovery
Library of things

Reroutes

SWRC

- compost Coaches
- Repair cafe (maker space)
- Co Smo
- Loraas Tour
- Landfill Recovery centre
- library of things

Food

Transport and production

Conserve our food (an evening)
Buying food by parking
In Season food
Processed food / In part

Meat

CHRP

- Ag in the Classroom
- Food Bank Learning centre
- Wanders Tiny farm

Transp.

Burning fuel

Bike Coop
Teach how to repair + winterize bikes
teach health benefits of lifelong active lifestyle

Create bike groups who pick up + bike to school together

bike maps
teach how to bike + bike safety (Winnipeg's bike safety)

SIEC

CofS

- Bike routes
- Byxe "day"
- Bridge City Bike Coop - Saskatoon cycles
- SES - Idle free zone
- SPS - More to Grow

Biodiversity

↑ green infrastructure

Meewasin

- Stoon 300 Society
- Native plant Society
- Pollinator Yxe
- Brightwater (seeds)

GHG Reductions

KgCO2e

* Power of One (Amber)

U of S Speakers Bureau

- Ecoschools
